EHA Solutions is qualified to service all brands of heating, air conditioning and water heating equipment. Our visits include, but are not limited, to:

Spring: Inspect filter(s), compressor performance, check refrigerant levels, all safety features, overall operational performance, indoor and outdoor coils, drain pan(s), washing of condenser coil.

Fall: Inspect filter(s), all heating components and gas line connections, proper draft, CO levels, clean and calibrate gas assembly and starting components. Verify operational performance and safety features.

Optional Water Heater Add-On: (Only available with the purchase of an HVAC Agreement) Perform safety and performance inspection. Flush tank, pull and inspect anode rod, perform water test on household water. 5% off all water enhancements and upgrades.

Your approval of this annual agreement authorizes Environmental Heating & Air Solutions to perform (2) tune-up's per year one heating, air conditioning, indoor air quality, and water heater equipment in your home at the agreed upon investment. This agreement will remain in effect until either party receives a written notice of termination. Allow two weeks for termination processing. This agreement does not include any parts and/or labor to replace those parts that are diagnosed to be unsafe, out of tolerance, or required to keep your equipment in operation. Cancellation of membership prior to the expiration of any specified commitment period (12 month minimum) requires an early termination fee. Termination fee will be the difference between non-membership and membership pricing of work performed within an active agreement timeframe.
